Bid Amendment No. 1

Dear Sir/Ms.:

Please make the following change to your Bid Documents:

Add the attached one page entitled "Special Provision Section 304 Aggregate Base and Subbase Course" dated 11/4/04

Consider these changes prior to submitting your bid on November 17, 2004.

Sincerely,

Scott Bickford
Contracts & Specifications Engineer

PRINTED ON RECYCLED PAPER

SPECIAL PROVISION
SECTION 304
(Aggregate Base and Subbase Course)

The following replaces Section 304.02, Aggregate, in the Standard Specifications.

304.02 Aggregate. Aggregates shall conform to the requirements specified in the following Subsection of Division 700 – Materials:

Aggregate Subbase	703.06b
-------------------	---------

Aggregate subbase shall be material meeting Type D aggregate for the entire 500 mm to 660 mm depth of the subbase layer beneath travel lane and shoulder pavement materials. For this project, Type E aggregate is not a Contractor option for aggregate subbase within the depths described above. Type D aggregate shall be paid for under Pay Item 304.10.

The portion of the material passing a 75 mm (3 in) sieve at the time it is deposited on the roadway shall conform to the gradation requirements of 703.06b, Type D. Oversized stones shall be removed before depositing on the roadway. Oversized stones are stones that will not pass a 150 mm (6 in) square mesh sieve.
